Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner proposed amending claim 1 as well as other claims to overcome claim objections and 35 USC 112, 2nd paragraph rejections, but not for overcoming any of the prior art of record. Examiner also proposed to specifically amend claim 2 to include the "exit" that was previously deleted in applicants' latest amendment in order to give antecedent basis for the limitations of claims 36-38. Examiner stated his position that the end section of claim 1 to which claims 36-38 currently depend cannot have a scent source (see applicant's Fig. 1A) in addition to functioning as an exit therefore the need for amending claims 36-38 to recite the "exit" rather than the "end section". Examiner proposed cancelling claims 66 and 67 (renumbered as 67 & 68) since they are drawn to a non-elected invention that was not elected in applicants' Election filed on 1/16/2008. Examiner also asked applicants to please note that any amendments to applicants' claim numbers 56-67 were performed as amendments to renumbered claims 57-68 to account for the misnumbering of claims that occurred per the preliminary amendment filed on 04/01/2005 wherein there was a double occurrence of claim number 43. Applicant agreed with the proposed amendments. Please see the Examiner's Amendment for details.
